We are very thrilled to share with our gentle friends and lovely, generous supporters our experience during our Buddhadharma activity in Bodhgaya.

We were able to treat very successfully around 350 patients from Ladakh, Nepal, Bhutan, Darjeeling, Kalimpong and generell India - during 8 days of Sowa Rigpa activity.

*You keep going, that is the Boddhisattva's Way,
as long as it benefits even one being, you have
to without any sense of discouragement, go on.*

HH 16th Gyalwa Karmapa Rangjung Rigpe Dorje

We like to present our gratitude to the strong motivation shown from our 10 Sowa Rigpa Team members, our donators and supporters and to KHCP e.V..

Please see here the pictures as documentation during the Sowa Rigpa activity.
